What **3 specific ideas** do you have for AmCham Abu Dhabi to further its mission in the next 1-3 years? How will you help implement and deliver results?

With 29 years of energy experience across Middle East, SE Asia and Pacific, in strategic areas of growth in the conventional and renewables spaces, there is a lot to contribute while learning and growing the ME footprint.

I shall bring a strategic mindset with regard to the future of energy, specifically. Understand COP 28 goals and share thoughts and ideas on how to meet net zero goals.

My experience will help build subsidiary governance and find new innovative and sophisticated ways of doing business in the region given my years of commercial and leadership experiences and as a Lead Director on many JV Boards.
